

Why Your Business Deserves Better Security

Small businesses are hit by **62%** of all cyberattacks

The average cost of a compromise for SMBs in 2019 was **\$1.24M**

58% of SMBs say they do not have visibility into employees' password practices

Protect your business with the strongest security team on the planet.

What are your main security concerns?

Complete network security

From intrusion and malware protection to nex-gen firewalls, ensure comprehensive, automated security across your entire company.

Cisco Meraki MX

Talos: Your Ultimate Security Advantage

Integrated into every solution, Talos security intelligence is the industry's most powerful cyber threat protection. It tracks threats across end points, networks, cloud environments, web, and email providing solid, actionable intelligence.

19.7B
threats blocked per day

600B
emails inspected per day

1.5M
malware samples per day

With Cisco's integrated approach to security, you get:

1

A simplified security experience.

Protect your entire business with a powerful, yet simple, security approach.

2

Security that works as fast as you do.

Our security solutions work as a team to detect threats earlier and faster.

3

Security that grows with your business.

Strengthen your security strategy and reduce risk with reliable solutions.

"If it (an attack) does happen, we can find it quickly, shut it down, and contain it."

- Mike Austin, CEO, Macon-Bibb County Housing Authority

You build your business—we'll secure it.

Let us show you how easy it can be to protect your entire organization—yes, all of it—so you can run your business fearlessly.
